TDArx Receives Unified Communication Industry's Top Award

Technology Assurance Group Recognizes TDArx as the Elite Provider at their 14th Annual Convention

WINSTON SALEM, NC— May 30, 2014 — TDArx, Inc., a leading unified communications provider, announced today that the company received Technology Assurance Group's top award at the association's 14th Annual Convention event held in Nashville, TN in April. Technology Assurance Group (TAG), an international organization of independently owned unified communications companies in the United States and Canada, selected TDArx as the winner of the "Performance Excellence Award" for exceptional economic performance and superior customer satisfaction. TDArx was highlighted as a premier provider during a prestigious awards ceremony attended by TAG's Member companies and leading technology manufacturers.

The highly sought after awards, which are given out annually, are based on overall financial performance, customer satisfaction, and the ability to provide customers with cost effective unified communication solutions. "In 2013, TDArx experienced phenomenal growth that propelled them past the best companies in the industry," said Brian Suerth, President of Technology Assurance Group. "TDArx' philosophy of providing technology solutions that increase their customers' profitability, improve employee productivity, and enhance brand image

fueled the company's overall success. In addition to offering solutions with the purpose of accomplishing their customers' business objectives, they maintain a highly talented team of professionals that deliver world class service. TDArx is an exceptional Member that is dedicated to acquiring best business practices that continually improve their organization. It was our privilege to showcase such a fine company at our annual event."

Mike Shuping, President of TDArx, accepted the award for the company. "We have built a great company with a solid reputation in our community over the years and it was a wonderful feeling to be recognized by TAG. TDArx' customer centric focus, as well as our ability to stay on the pulse of technology, have enabled us to become our customers' trusted advisor. We attribute much of our success to the many benefits that we receive from our Membership in TAG. The organization enables us to quickly adopt new ways of doing business for the betterment of our customers and our people."

ABOUT TDArx, INC..

TDArx, Inc. came into existence when TeleData Services, Inc., a regional leader in business communications, and Arx Technology, Inc., a leading provider of computer and data networking technologies, merged in January 2008. The merger enhances TDArx's expertise in a full line of communication technology,

which helps its customers increase their profitability and improve competitive advantage.

TeleData Services, Inc. was founded in 1988 by Mike Shuping with partners Michael Nester and Larry Halsey. For the past 20 years, TeleData Services has been and is committed to establishing and maintaining a dynamic partnership with every customer. Extensive technology and service experience allowed the TeleData Services, Inc. team to develop an understanding of each customer's unique telecommunications requirements, and to respond to those requirements quickly and effectively.

Founded in 2001 by owner Wesley Walker, Arx Technology had been fulfilling the IT needs of Triad businesses. The company has over 350 customers and eight certified engineers. These professionals have a number of advanced industry certifications including Microsoft, Macintosh, Cisco, Citrix, Novell, and Linux and provides IT-based growth strategies for small and medium businesses. Arx specializes in data, technology and network consulting, security and support.

Today, TDArx is poised to help its customers maximize the return on their investment in communication technology. With TDArx, you can focus on your business, while we focus on your IT! For more information, please contact us at (336) 896-0808 or visit www.tdarx.com.
